[How To Open Docx Files On Mac Office 2004 Download Free](#)

You should now be able to open docx with Word 2004 and other Open XML files. Note: I have not tried the following technique myself, but have been told it works.

1. [open docx files office 2003](#)
2. [will open office open docx files](#)
3. [open office docx files](#)

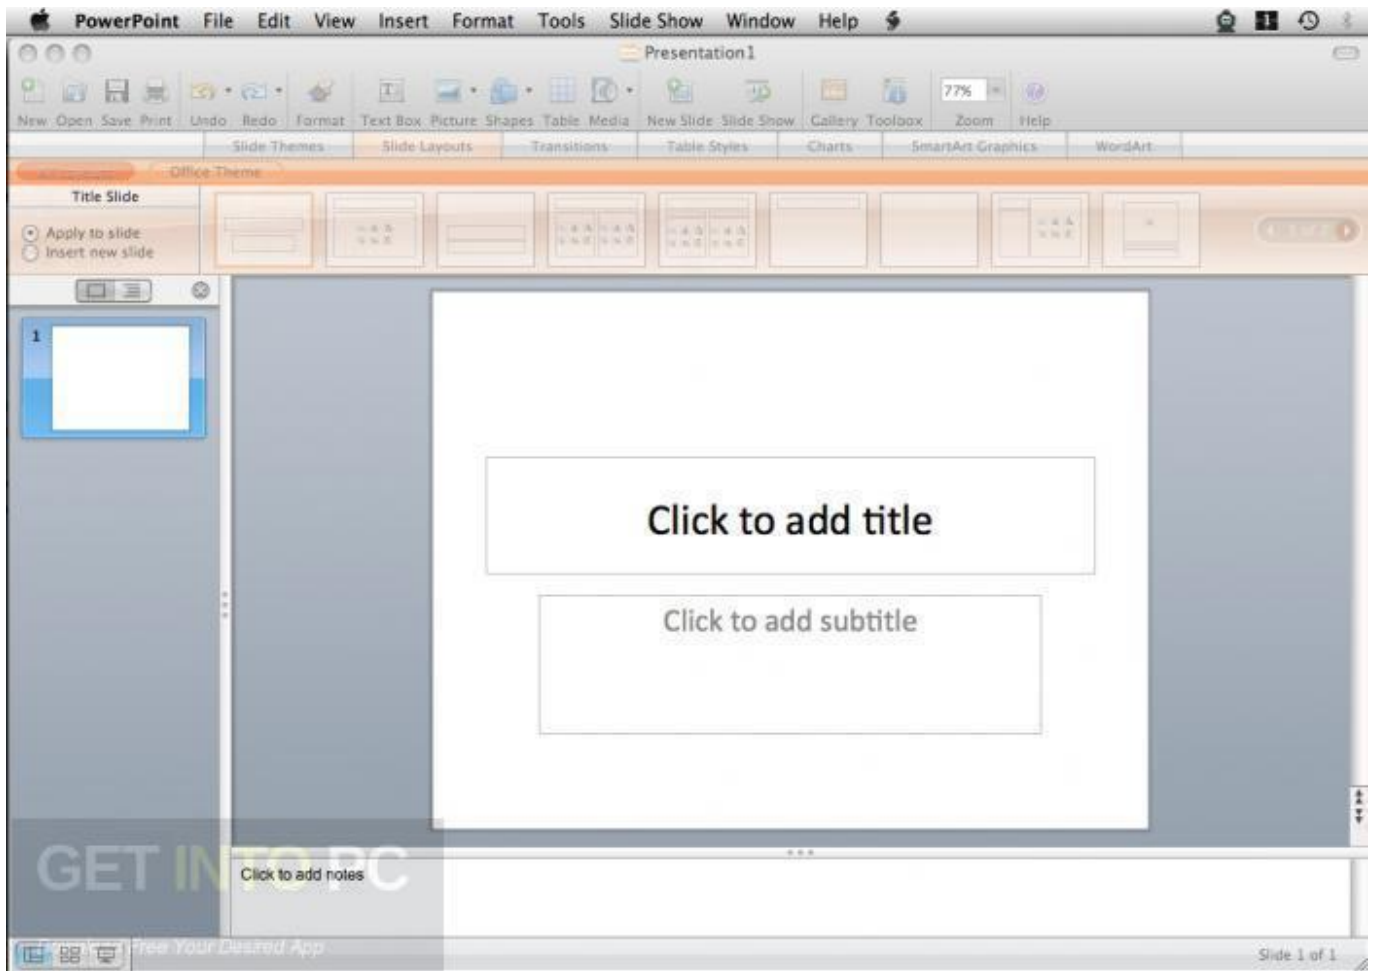

5, hence the name Yeah, well, what do you do if the 11 5 0 update won't install? I keep getting the "could not locate the correct version of the software" jazz.. docx extension, but Microsoft has released a patch that lets you both open and save files in the open XML format.. WTH? That is the same comment I keep getting. Wish someone had the answer. Does anyone know if you need to re-enter the product key when you update Office? I lost my product key so I don't want to update Office if it requires me to re-enter a key..
